Miss Barbara Ungerleider
18 Ravine Road
Great Neck, N. Y.

Dear Miss Ungerleider:

At long last, I inclose a plan and estimates for work on the new Radio Station at the 10 Prospect Street Garage.

Mr. Albert King has been over this with me and seems pleased with the set-up. He felt, and we agreed, that the "Control Room" was too small to use as an entrance and we have made a swap with Mr. Campbell, the Head Gardener, to give us the area marked "Waiting Room" and to take some other space for his storage.

Please let me know, as promptly as possible, if you want us to go ahead with this work or if you want revised estimates on any part of same as we must get started soon to be ready for the date you wish.

Very truly yours

George W. King
Superintendent
